John McCain is **OUT OF TOUCH** on Health Care

More than **25,000 Nevada women and families** visit **Planned Parenthood health centers every year**. We know firsthand how John McCain's policies hurt patients.

John McCain's health care plan would:

- Tax health care benefits and could cost many Nevada families nearly \$7,700 each year.¹
- Potentially eliminate health care benefits for 1.4 million Nevada workers and their families.²
- Make it harder for 490,000 Nevadans with conditions like asthma and diabetes to get insurance.³
