

“**Teaching sex education is just common sense.**

I really don't understand how John McCain can be so opposed.
He just seems so out of touch with the real world.”

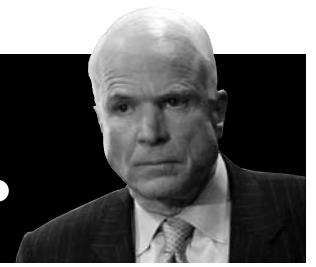

CHECK THE FACTS:

- John McCain opposes comprehensive sex education that is medically accurate and age-appropriate.¹
- John McCain opposes commonsense funding to prevent unintended and teen pregnancies.²
- John McCain said he was “stumped” when he was asked if contraceptives help stop the spread of HIV.³

OUT OF TOUCH:

John McCain has earned a **ZERO** rating from Planned Parenthood Action Fund because he has cast **125 votes against women's health.**

John McCain just **DOESN'T GET IT.**

Thousands of Pennsylvania teens will contract sexually transmitted infections this year, including HIV/AIDS. And almost 25,000* Pennsylvania teenagers will get pregnant. George Bush's failed abstinence-only programs have wasted more than \$1.5 billion[†] and put our teens at risk. **We can't afford more of the same from John McCain.**
