

Just the Facts on Title X and Family Planning

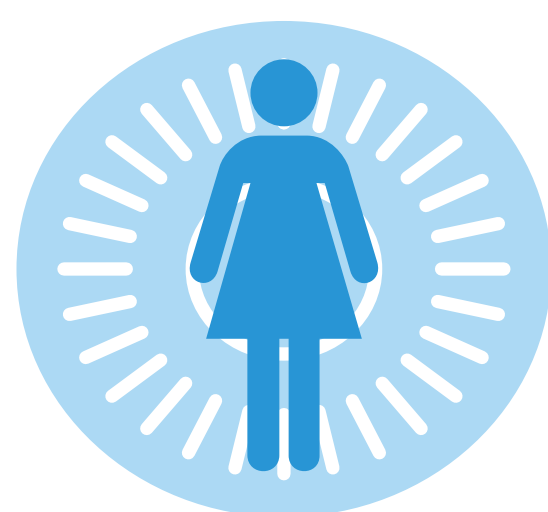

Title X is the nation's family planning program.

It helps nearly 4.6 million people annually.

Family planning programs including Title X:

Save taxpayers
\$7 for every
\$1 invested

Give women
more control over
if and when they
have children

Help women
avert cervical
cancer, STIs &
other health issues

Title X provides:

- ✓ contraception education,
- ✓ birth control,
- ✓ well-woman exams,

- ✓ lifesaving cancer screenings, and
- ✓ testing and treatment for STIs.

In 2013 alone, health centers, through Title X provided:

1
million

Pap tests

1.6
million

women with
breast exams

6.8
million

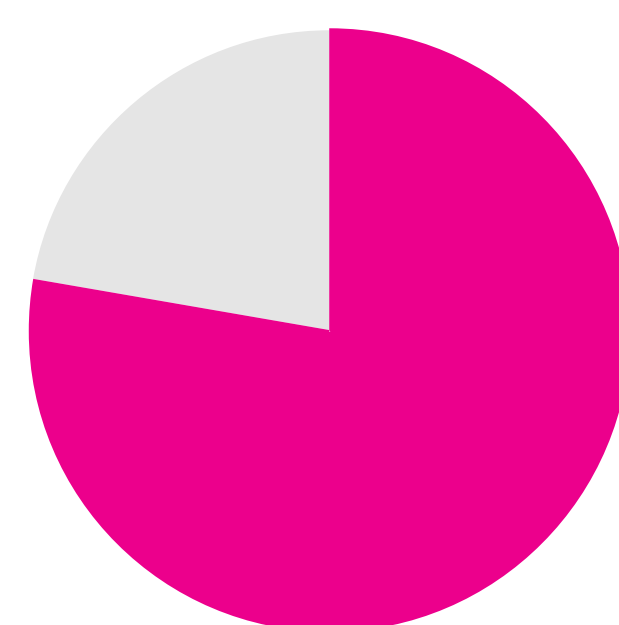

STI tests

Who Would Be Hurt if Title X Is Eliminated?

~1.5
million

Planned Parenthood
patients benefit
annually from the
nation's family
planning program.

Of those:

78% live below
the federal
poverty level.
