

Dear Legislator,

Please support the Reproductive Freedom Act (A4848/S3030).

When people can make decisions that are best for their lives, families thrive and we build communities where each of us can participate with dignity and equality. By protecting and expanding access to birth control and pregnancy-related care, including abortion, we can ensure that all New Jerseyans can make their own personal medical decisions, with dignity and without interference.

As politicians in other states continue to push access to care out of reach, and the Supreme Court is packed with anti-abortion Justices, **now is the time to act.**

Please support the passage of the Reproductive Freedom Act today.
